Abel Ambachew

Junior Full-Stack Developer

Addis Ababa, Ethiopia | abelambachew11@gmail.com | +251 905 895 282

Portfolio | GitHub: Abela-code

PROFESSIONAL SUMMARY

Computer Science graduate and Full-Stack Developer with hands-on experience in React.js, JavaScript, Node.js, REST APIs and database design. Builds responsive, user-friendly web applications and has shipped three deployed projects. Completed an intensive full-stack program at Evangadi Networks on a scholarship and is eager to grow through real-world engineering work.

PROJECTS

Evangadi Forum | Full-Stack Developer — Live demo | GitHub

- Developed a full-stack community Q&A platform where users post questions, answer others and share knowledge.
- Built the interface in React.js with a Node.js backend and REST APIs; deployed to production on Vercel.

EtGPT (ChatGPT Clone) | Developer — Live demo | GitHub

- Built a conversational AI web application inspired by ChatGPT, integrating AI capabilities into a clean chat interface.
- Deployed the application live on Vercel as a hands-on project in AI integration.

Netstream (Netflix Clone) | Front-End Developer — Live demo | GitHub

- Recreated a streaming-platform interface with responsive layouts using HTML5, CSS3, JavaScript and React.js.
- Deployed to Vercel to practice component-based UI design and API-driven content.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3
Frameworks & Libraries: React.js, Node.js
Backend & Data: REST APIs, database design
Deployment: Vercel, Render
Tools & Practices: Git, responsive design, AI integration
Soft Skills: Communication, teamwork

EDUCATION & TRAINING

Bachelor's Degree in Computer Science — Debre Tabor University (2021 – 2026)
Full-Stack Application Development — Evangadi Networks, certificate earned (2026)

ADDITIONAL INFORMATION

Languages: Amharic (native), English
Awards: Scholarship recipient, Evangadi Networks
